

# GRATEFUL MEN AND WOMEN PRAISE PE-RU-NA.

MRS. ELLEN NAGLE

Mrs. Ellen Nagle, 414 4th St., Green Bay, Wis., writes: "I have often heard Peruna praised and it is more widely known here than other medicines, but I never knew what a splendid medicine it really was until a few weeks ago when I caught a bad cold which settled all over me. "The doctor wanted to prescribe, but I told him I was going to try Peruna and sent for a bottle and tried it. I felt much better the next morning and within five days I had not a trace of any lameness or cough."

HON. C.C. BROOKS

Hon. C. C. Brooks, Mayor of Sunbury, Ohio, also Attorney for Farmers' Bank and Sunbury Building and Loan Co., writes: "I have the utmost confidence in the virtue of Peruna. It is a great medicine. I have used it and I have known many of my friends who have obtained beneficial results from its use. I cannot praise Peruna too highly."

## Cystitis Entirely Relieved.

Miss Mattie McArthur, care of Hospital, Medical Lake, Wash., writes: "I have not written to you for some time, but, Oh, I have given you many words of praise. I am so well. I had cystitis very badly and could not walk any distance without suffering intense pain, but I do not have a touch of my old suffering now. I can never praise Peruna enough. I am telling every one how much good Peruna has done for me."

## Catarh of Head and Throat.

Mrs. William H. Hinchliffe, 20 Myrtle street, Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarh of the head and throat. I recommend Peruna to all sufferers with catarh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said of Peruna."

MRS. H.A.S. MARSH

Mrs. H. A. S. Marsh, 2128 Reservoir St., Los Angeles, Cal., President Woman's Benevolent Association, writes: "I suffered with la grippe for seven weeks, and nothing I could do or take helped me until I tried Peruna. "I felt at once that I had at last secured the right medicine and I kept steadily improving. Within three weeks I was fully restored, and I am glad that I gave that truly great remedy a trial."

"I will never be without it again." Used Per-na for Bronchitis. Mr. Frank Battle, Jr., First street, near Charlotte Ave., West Nashville, Tenn., writes: "I desire to say for the benefit of others that your Peruna has unquestionably cured me of chronic bronchitis. It is the greatest discovery of the age for throat and lungs."

Peruna is not simply a palliative to relieve some of the distressing symptoms. It brings permanent relief. "I am now feeling well and hearty and would not be without Peruna."

PRINCE JONAH KALAMIANOALE

Malarial Fever For Several Months.

Mrs. Sue M. Morris, 2214 Patterson St., Nashville, Tenn., writes: "Last fall a severe attack of malarial fever laid me up for some months. My condition was serious for a time and the doctor who was attending me did not seem able to cope with the trouble. "A neighbor advised me to let the doctor's prescription alone and try Peruna, extolling its virtues to the skies, and I am now ready to do the same, for in three days I was much better and in ten days I was able to be up and in two weeks every trace of malarial had left my system."

"I now use Peruna off and on when in need of a tonic and it braces me up wonderfully." "The Doctors Gave Me Up."

Mr. Lewis Kitchen, Hullington, Ohio, writes: "I cannot thank you enough for the good your Peruna has done me. About six months ago I could not leave my bed, and the doctors gave me up saying that I had consumption and could not live. Then a friend recommended Peruna to me, and I commenced using it. "When I started to use your Peruna I weighed 117 pounds, and now I weigh 172 pounds. I had been sick for ten years, and was so sick I could not turn over in bed when I began the use of Peruna. I think it is the greatest medicine of its time."

"I am now feeling well and hearty and would not be without Peruna."

Weak and Nervous.

Mr. Charles Brown, Rogersville, Tenn., writes: "I feel it my duty to write you a few words in praise of your Peruna. I have tried many different remedies, but have found that Peruna is the greatest tonic on earth, and a perfect system builder. "A friend advised me to take Peruna for indigestion, and it cured me in a short time. I was very weak and nervous, could sleep but little at night, but Peruna cured that tired, all-gone feeling, and made me feel like a new man, so I heartily recommend it to all who are weak and run down. Peruna will give new life and energy. I cannot speak too highly of Peruna, and will not forget to recommend it on every hand. I will answer any letter from those desiring to know what Peruna has done for me."

Systemic Catarh. Miss Marie Lesser, 928 W. 86th street, Chicago, Ill., writes: "I am glad to give a good word for Peruna, and I hope that all who see this who are troubled with systemic catarh as I was for years, will profit by it. I had tried many remedies, but none did more than give me temporary relief and some did not even do that. I took Peruna at the suggestion of a friend and was more than pleased and surprised at the results. I am now perfectly well and strong."

For a long time I suffered with chronic catarh of the nose, throat and stomach. I would continually take cold and my stomach was in bad condition. I truly suffered untold misery. I took various medicines and tried the treatment of several physicians, but I felt no better. A friend advised me to take Peruna. I wrote to Dr. Hartman, who prescribed treatment. As soon as I commenced to take Peruna I was surprised at the relief it gave me. I kept on taking it until I had taken thirteen bottles and was cured."

## True Cause of Disease.

In these days almost every ailment is supposed to be caused by disease germs.

The medical profession as well as the people, seem to have gone mad over the germ theory of disease.

The universal fear and dread of disease germs is becoming a very serious matter to the welfare and happiness of the people.

Dr. Hartman has consistently contended through all the rise and spread of the germ theory, that most diseases are caused by climatic influences.

For instance, catching cold is responsible for more than one-half of the ills to which human beings are subject.

## Danger of Neglected Colds.

A person catches cold easily, thinks nothing about it, neglects it, when it finally becomes settled in some organ of the body, and chronic disease is the result.

A few doses of Peruna in the beginning of the cold would have saved months of suffering, as well as great expense for treatment.

Peruna is a reliable relief for cold. Almost everybody knows this.

Instead of trying to dislodge or kill some imaginary germ, if Peruna was used at the proper time its tonic properties and anti-catarh qualities would soon convince the patient that he has found the right remedy.

A multitude of letters are received testifying to this fact.

Keep Peruna in the house. Use it whenever cold or climatic affections assail, and sickness in the household will become greatly lessened, if not entirely prevented.

## Catarh of the Stomach.

Mr. Christian Hofmann, R. F. D. 1, Slatington, Pa., writes:

"For many years I suffered with catarh of the stomach. I was coughing day and night. After having tried three doctors and many remedies, one of your almanacs came to my hand, and I bought some Peruna. So far I have taken six bottles, and I have not suffered with catarh this summer. I am cured and Peruna did it. I give Peruna to my children when they feel bad and you should see how healthy they are."

## Nose, Throat and Stomach.

Mr. Delbert B. Craft, Lowell, Ind., writes:

"For a long time I suffered with chronic catarh of the nose, throat and stomach. I would continually take cold and my stomach was in bad condition. I truly suffered untold misery. I took various medicines and tried the treatment of several physicians, but I felt no better. A friend advised me to take Peruna. I wrote to Dr. Hartman, who prescribed treatment. As soon as I commenced to take Peruna I was surprised at the relief it gave me. I kept on taking it until I had taken thirteen bottles and was cured."

## LOCAL BRIEFS.

### Items of Interest in and Around the City.

A force of workmen are engaged, under the supervision of Mr. J. F. Ange, the contractor, in putting a handsome new French plate glass front in the drug store formerly occupied by Mac Kay's Pharmacy, now operated by the Palace Drug Store.

The weather these days makes the traveling public long for the completion of Goldsboro's Union Passenger Station. The weather had been behaving itself pretty well since the construction of the station began, but for the last several days it has been making it very disagreeable for the traveling public passing through Goldsboro.

The funeral of Miss Jacky Ann Etheridge, a widely known and greatly beloved maiden lady of Saulston township, 83 years old, was held from the home of Mrs. Tom Langston, where she resided, on Wednesday of this week. Full of years and good deeds she has gone to her reward exceeding great in the heavens, for her life was spent for others and her memory will be cherished by all who knew her.

On Tuesday evening about dusk, Mrs. W. V. Williams and little daughter, Miss Mattie, had occasion to go out in the back yard, and little Mattie discovered some animal on top of the woodhouse, which, at first looked to be a large cat, but on closer inspection proved to be an opossum. Young Frazier Williams was called upon the scene, and, with his rifle, shot the 'possum, which had gone up a tree in the yard in the meantime. Mr. Williams says that it was one of the finest he ever saw, and it was served up in tempting style, making a delicious Thanksgiving dinner.

The acquittal of Hazel West, the white woman on trial for her life, charged with the murder of the late Mr. Sam Watts, in Superior Court here, the verdict of "not guilty" having been rendered last night was a decided victory for Messrs. Hood, J. Tyson Dorch and Barham who had been assigned by the Judge to defend her. The jury was composed of some of the best citizens of the county, and, therefore, while the verdict is a great surprise, the Argus has no censure for the jury. They did, we are sure, as their oaths guided them.

## PEDESTRIAN WESTON.

### Man of Seventy Years Beats His Own Pedestrian Record of Forty Years Ago.

(Special to THE ARGUS.)

Chicago, Nov. 27.—Pedestrian Weston today finished his long tramp from Portland Maine to Chicago, beating the record he made 40 years ago by 24 hours, although he is now 70 years old.

Five thousand people welcomed and cheered him as he entered the city limits and won the wager.

### WESTON'S ARRIVAL IN CHICAGO.

Edward Payson Weston, the pedestrian, who is 70 years old, completed Wednesday, as reported that afternoon in our telegraphic service, a walk of 1,235 miles. He did the task over muddy roads, through rain and sleet and against keen headwinds. He faced all, including illness, and he reached Chicago ahead of his own record made 40 years ago. He was warmly welcomed in Chicago, and he well deserved this reward.

For he has shown the country what a temperate life and physical training enable one to accomplish after the age of three score. On Monday last he walked 88 miles. Who else at his age could cover so many miles in a single day? He is plucky, and he has succeeded in maintaining vigor and strength in a remarkable manner and to an extent perhaps unapproached.

His long tramp and the example of his life and endurance should bring to the attention of the country the value of walking as a method of exercise. It easily outranks rowing, horseback riding, golf or any other known form of exercise, for it means outdoor air, moderate employment of all parts of the body, and it can be organized to afford daily change of scene and environment. Mr. Weston walked from Portland, Me., to Chicago largely because he hopes to revive interest in his favorite exercise, with perhaps some incidental lecture fees to go into his own pocket.

### DR. JOEL WHITAKER,

Practice limited to diseases of EYE, EAR, NOSE AND THROAT. at Dr. J. N. Johnson's Office Friday afternoons.

## THE ROMANS AND THE SEA.

Virgil is understood to have lived long on the Bay of Naples, and he dwells repeatedly with unsurpassed effect on the literal phases of the sea; but of the element at large he expresses little but a sense of vastness, power, malevolence. It is a toilsome and perilous expanse, to be hurried across and escaped.

Across the land the Romans went with indomitable confidence, making their way with those works of peculiar permanence; so that today the Briton traverses the original roads they built, and the Gaul walks beneath their arches. But even in imperial times the voyage from Brundisium to Greece was something of a hardship. The ocean was a thing "bestrew'd with wreck and disaster." In its depths or on its shores lay the bones of those who had never received burial, and hence could not pass over the Styx.

When Tiberius built a yacht he floated it on the quiet Lake Nemi, and very likely kept it anchored like a palatial house boat. The sea lacked that essential stability which the Romans so much valued. It was estranging. Roman adaptability made it a medium of empire, but never with the Viking spirit.

## Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Poorly not one weak heart in a hundred is, in fact, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more ability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have some controlling nerves.

## Dr. Shoop's Restorative

HIGGINS DRUG CO. DR. E. C. VITOU, DENTIST.

Phone 880. Goldsboro, N. C. Drink Punch-I-Nello. "Makes the weak grow strong and the strong grow great."
